\*The March A Thon Fundraiser program is a substitute for the final fee payment of \$200, which provides members the means to engage family and community through the gathering of tax-deductible sponsorships to aid our students in their efforts. Families committing to the marching band accept the financial responsibility for all fees, including the final \$200 gathered through March A Thon (or any other fundraising activities). Families may opt not to participate in the March A Thon and will be billed the final \$200 in lieu of the sponsorship requirement.
